

# Competition for the architectural and landscape regeneration of A Panda da Dá

Responses to queries received until the 24 March 2025

Received 24/03/2025 11:40

**1. Query:**

*What are the water affections in the A Panda da Dá estate?*

Response:

The information related to water effects on the estate can be consulted on page 26 of the Preliminary studies document (Annex II).

In this case, the reference regulation is the “Reglamento de Dominio Público Hidráulico (RDPH)”, approved by “Real Decreto 849/1986, of 11 April”, which contains specific details on this issue.

Received 4/02/2025 (during the state visit)

**1. Query:**

*Are there any graphic, scale or form criteria to be followed in the documents to be submitted?*

Response:

Provided that the A1 panel format (x2 units) is retained for the technical proposal and A4 for the narrative report, there are no restrictions on form, layout or scale.

**2. Question:**

*Is it possible to make models?*

Answer:

Extra materials, such as models, may be produced, but these will not be evaluated as such, as they are considered as working and support tools to convey the project ideas.
